Components

For your safety

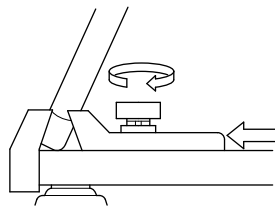

1. Use the dolly at horizontal surface.
2. Do not take off your hand from a tripod on the dolly while the tripod system is being moved.
3. Make sure all the wheel stoppers are locked when you leave from the dolly with a tripod on.
4. Do not load articles on the center of the dolly while all tubes are opened.

How to open

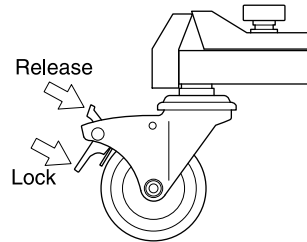

Open the tubes fully until they hit the Nodal Point.

How to set up

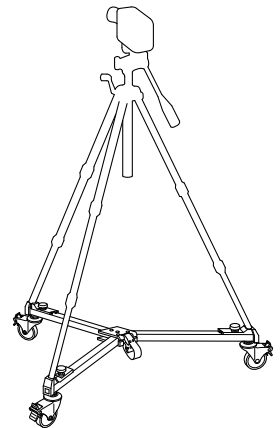

Loosen the Locking nut first, then join with Adjuster for fixing firmly.

How to stop the wheel moving

Wheel stopper for the dolly II can be fixed of rotating axis and rolling axis at the same time.

Care of the DOLLY

- DO NOT apply any grease or oil to this product.
- Clean with a mild detergent and a soft cloth only.
- DO NOT use close to flame. Avoid extreme heat.
