Components

Quick release plate

Equipment that can be loaded on this tripod

⚠️ Prohibition
This product has been designed to handle equipment weighing under
2 kgs (4 lbs 6 oz).
Do not overload.
Some equipments weighing under 2 kgs (4 lbs 6 oz), such as long
lenses, may not balance well due to its weight distribution.
In such case, please use a larger tripod.

Quick release lock lever
Quick release plate
Camera platform
Tilt lock knob
Center column locking collar
Main body
Leg
Leg lock nut
Center column
Rubber leg tip
Camera screw
Camera mounting screw knob

Attaching the camera to the Quick release platform

⚠️ Caution
To remove the Quick release plate, turn the
Quick release lock lever.
In this case do not put the lock lever back by
force as it has been stood by the stopper.

To attach the plate, slide into Quick release plate slantways.
It will be closed automatically after attaching.
Fasten the plate lock lever tightly.
It must be certainly locked.

Insert the Camera mounting screw on the Quick
release plate in the place of the tripod
attachment screw of your camera.
Turn the Camera mounting screw knob and fix
firmly.

(Back side) Coin groove
Using the pan head

While you are holding the camera, loosen the Tilt lock knob. You can move Camera platform and Base plate freely.

Note: For vertical photos the Camera platform can be tilted 90 degrees in either direction.

Extending the tripod legs

To extend any leg, turn the Leg lock nut one half turn counterclockwise.

Extending the center column

⚠️ Caution

Loosen the Center column locking collar by turning it counterclockwise. Raise the Center column to the desired height and lock in place by turning the collar clockwise.

Using the suction cup

⚠️ Caution

A. Release the Center column locking collar.
B. Place the Suction cup against a smooth surface.
Note: The surface must be smooth and flat to use the Suction cup.

C. Press the tripod down against the surface and pull the Center column up slightly.

Using Your MINI-PRO DQ

D. Lock the Center column locking collar.

Use as a chest pod provides extra support for your Camera.

Ideal for low angle photography.

Care of the tripod

- DO NOT apply any grease or oil to this product.
- Clean with a mild detergent and a soft cloth only.
- DO NOT use close to flame. Avoid extreme heat.
